Transfer Station Guidelines

All deposit cans and bottles should be placed in the shed across from the paper bin
Other cans should be placed in the can bin near the compactor.
Other metal should be placed in the metal bin off the lower parking lot.
Appliances with compressors, such as refrigerators and air conditioners, cannot be placed in the metal bin. Propane tanks cannot be placed in the metal bin. No electronics can be placed in the bin.

Glass and plastic should be placed in the bin directly across from the compactor.
Ceramics and dishes cannot be recycled. Styrofoam, plastic cups, utensils and take-out containers, plastic planters or flowerpots and plastic bags cannot be recycled.

Cardboard and boxes should be flattened and placed in paper shed.
Newspapers can be placed in a box, tied with string or placed in a paper bag.
Loose paper should be in a box or bag. Loose paper or newspapers will not be accepted.
Paper towels, napkins or plates cannot be recycled.
Books can either be placed in the swap shed or the book bin. They cannot be placed in the paper recycling shed.

Batteries and fluorescent light bulbs should be placed in the mercury shed.

Textiles must be placed in the textile bin adjacent to the deposit can/bottle shed.

Demolition debris, or items that cannot be placed in the compactor, go in the Demo bin.
There is a fee for dumping in the demo bin. Residents must check with the attendant and pay the asked fee prior to disposal.

Residents are encouraged to compost organic waste. Composters are made available annually through Northern Berkshire Solid Waste Management District.

Beginning in September 2022, mattresses cannot be placed in the Demo bin. Department of Environmental Protection regulations require that they be recycled. The nearest mattress recycling site is in North Adams.

All trash put in the compactor must be placed in a town trash bag. Bags available at both general stores. Glass, metal, recyclable plastic, textiles, paper, books, lightbulbs, batteries, and items containing mercury cannot be disposed of in the compactor.

Approved April 4, 2022 Select Board Meeting
